

Attention: Medicare Home Health/Hospice Providers

Product Impact: Allwell (Wellcare by Allwell) D-SNP Plans (H2915-001, H2915-002, H2915-007)

Effective January 1, 2021 and continuing for plan-year 2022, Allwell (Wellcare by Allwell) Medicare D-SNP benefit plan packages include a 20% coinsurance for home health/hospice services. Members who are covered by an Allwell (Wellcare by Allwell) D-SNP plan will have this included as part of the plan benefit design.

The 20% coinsurance applied to home health/hospice services for the D-SNP members will be reflected to providers in the remittance advice upon claim payment. The 20% coinsurance can be billed to the secondary insurer through coordination of benefits. The member is not to be held liable for this 20% coinsurance.

If an Allwell (Wellcare by Allwell) D-SNP member is aligned to a PA Health & Wellness Community HealthChoices (CHC) plan and you have questions about secondary coverage/claims/billing, please contact Provider Relations at PHWProviderRelations@PAHealthWellness.com.
