At PA Health & Wellness, we want you to be paid accurately and timely.

Dear Community HealthChoices Provider,

After internal review and to ensure a streamlined and timely approach in payment, PHW has established an allowed amount for HCPCS code A6250 (barrier cream), that is usual and customary to network utilization. We are notifying you of a recent fee change update to the "Payor's Medicaid Fee Schedule" for this HCPCS code.

In accordance with your Participating Provider Agreement and Attachment A: Medicaid, Exhibit 1 Compensation Schedule language below,

The maximum compensation for Covered Services rendered to a Covered Person shall be the "Allowed Amount." Except as otherwise provided in this Compensation Schedule, the Allowed Amount for Covered Services is the lesser of: (i) Allowable Charges; or (ii) one hundred percent (100%) of the Payor's Medicaid fee schedule

And;

Additional Provisions:

Fee Change Updates. Updates to the fee schedule shall become effective on the effective date of such fee schedule updates, as determined by the Payor ("Fee Change Effective Date"). The date of implementation of any fee schedule updates, i.e. the date on which such fee change is first used for reimbursement ("Fee Change Implementation Date"), shall be the later of: (i) the first date on which Payor is reasonably able to implement the update in the claims payment system; or (ii) the Fee Change Effective Date. Claims processed prior to the Fee Change Implementation Date shall not be reprocessed to reflect any updates to such fee schedule, even if service was provided after the Fee Change Effective Date.
