Clinical Policy: Iron, Parenteral

Reference Number: PHW.PDL.032
Effective Date: 01/01/2020
Last Review Date: 11/2023

Revision Log

Policy/Criteria
Provider must submit documentation (such as office chart notes, lab results or other clinical information) supporting that member has met all approval criteria.

It is the policy of PA Health and Wellness® that Parenteral Iron is **medically necessary** when the following criteria are met:

I. Requirements for Prior Authorization of Iron, Parenteral

A. Prescriptions That Require Prior Authorization

Prescriptions for Irons, Parenteral that meet any of the following conditions must be prior authorized:

1. A non-preferred Iron, Parenteral.

2. An Iron, Parenteral with a prescribed quantity that exceeds the quantity limit.

B. Review of Documentation for Medical Necessity

In evaluating a request for prior authorization of a prescription for an Iron, Parenteral, the determination of whether the requested prescription is medically necessary will take into account the whether the beneficiary:

1. For a non-preferred Iron, Parenteral, has a history of therapeutic failure, contraindication, or intolerance to the preferred Irons, Parenteral; **AND**

2. If a prescription for an Iron, Parenteral is for a quantity that exceeds the quantity limit, the determination of whether the prescription is medically necessary will also take into account the guidelines set forth in PA.CP.PMN.59 Quantity Limit Override.

   NOTE: If the beneficiary does not meet the clinical review guidelines listed above but, in the professional judgment of the physician reviewer, the services are medically necessary to meet the medical needs of the beneficiary, the request for prior authorization will be approved.

C. Clinical Review Process

Prior authorization personnel will review the request for prior authorization and apply the clinical guidelines in Section B. above to assess the medical necessity of a

prescription for an Iron, Parenteral. If the guidelines in Section B. are met, the reviewer will prior authorize the prescription. If the guidelines are not met, the prior authorization request will be referred to a physician reviewer for a medical necessity determination. Such a request for prior authorization will be approved when, in the professional judgment of the physician reviewer, the services are medically necessary to meet the medical needs of the beneficiary.

D. **Approval Duration: 12 months**
