

EARLY SUBMITTER BONUS (ESB)

A subset of the Continuity of Care (CoC) Program

Dear Provider,

PA Health & Wellness would like to extend to you an Early Submitter Bonus (ESB) in the Continuity of Care (CoC) program that you participate in for our Medicare and Marketplace members. As a thank you for providing an early start for PA Health & Wellness enrollees, we are offering an additional **\$50** for completing valid office or telehealth visits. Submissions must show a Date of Service prior to June 30, 2022, and an Appointment Agenda dated no later than July 31, 2022, with active diagnoses verified on the claim.

WHAT YOU NEED TO DO

- Schedule and conduct exams with eligible members prior to June 30, 2022, using the Appointment Agenda as a guide to assess the validity of each condition.
- Update diagnoses and close care gaps. Document both in the medical record and on the claim.
- Sign, date, and submit the signed Appointment Agenda and/or comprehensive exam medical record via fax (**1-813-464-8879**), email agenda@centene.com, or the secure Provider Portal.
- Submit a claim/encounter containing the correct ICD-10, CPT, CPT II or NDC codes. Upon receipt of the completed documentation, we will verify that diagnoses were submitted appropriately.

Please refer to the Program Booklet for CoC Program details. If you have additional questions or concerns, please contact PHW_RiskAdjustment@PAHealthandWellness.com.

Thank You,

PA Health & Wellness
