Introduction

What is Community HealthChoices?

Community HealthChoices is Pennsylvania's Medical Assistance managed care program that includes physical health benefits and long-term services and supports (LTSS). The Office of Long-Term Living (OLTL) in Pennsylvania's Department of Human Services (DHS) oversees the physical health benefits and LTSS of Community HealthChoices. Those services are provided through the Community HealthChoices managed care organizations (CHC-MCOs). Behavioral health services are provided through behavioral health managed care organizations (BH-MCOs) that are overseen by the Office of Mental Health and Substance Abuse Services (OMHSAS) in DHS. For more information on behavioral health services, see page 99.

Welcome to PA Health & Wellness

PA Health & Wellness welcomes you as a Participant in Community HealthChoices and **PA Health & Wellness!** Established to deliver quality healthcare in the state of Pennsylvania through local, regional, and community-based resources, PA Health & Wellness is a Managed Care Organization and subsidiary of Centene Corporation (Centene). PA Health & Wellness exists to improve the health of its beneficiaries through focused, compassionate, and coordinated care. Our approach is based on the core belief that quality healthcare is best delivered locally. PA Health & Wellness operates across all counties in the Commonwealth.

PA Health & Wellness has a network of contracted providers, facilities, and suppliers to provide covered services to Participant. PA Health & Wellness works with a large group of Primary Care Providers (PCPs), specialists, hospitals, long term services and supports, and other health care providers. This group is our “network.” In most cases, you will receive “in-network” care. That is not the case if you need Urgent Care or Emergency Care outside of your service area. Please refer to the Emergency Care section of this handbook for more details. If you are a Dual Eligible Participant, you have the right to access Medicare providers for Medicare services regardless of whether the Medicare providers are in the PA Health & Wellness network. You will not have to obtain prior approval from PA Health & Wellness for your Medicare covered services.

Living Independence for the Elderly (LIFE) Program

If you are at least 55 years old, you may be able to enroll in the LIFE program instead of Community HealthChoices. The LIFE program covers medical, prescription drug, behavioral health, transportation, and supportive services for persons who are 55 years old and older and meet requirements related to the county where you live, how much care you need, and the kind of financial support you need. For more information on the LIFE program contact an Enrollment Specialist at 1-844-824-3655.

Enrollment

In order to get services in Community HealthChoices, you need to stay eligible for Medical Assistance. You will get paperwork or a phone call about renewing your eligibility. It is important that you follow instructions so that your Medical Assistance does not end. If you have questions about any paperwork you get or if you are unsure whether your eligibility for Medical Assistance is up to date, call **PA Health & Wellness** Participant Services at **1-844-626-6813 or 1-844-349-8916 (TTY)** or your CAO.

Community HealthChoices 2020 Participant Handbook

Changing Your Community HealthChoices Plan

If you are new to Community HealthChoices the information that was sent to you about the Community HealthChoices plans in your area included how to contact the Enrollment Specialists to pick a Community HealthChoices plan and a PCP. If you did not pick, a Community HealthChoices plan was picked for you.

You may change your Community HealthChoices plan at any time, for any reason. To change your Community HealthChoices plan, call an Enrollment Specialist at 1-844-824-3655 or 1-833-254-0690 (TTY). They will tell you when the change to your new Community HealthChoices plan will start, and you will stay in **PA Health & Wellness** until then. It can take up to 6 weeks for a change to your Community HealthChoices plan to take effect. Use your **PA Health & Wellness** ID card at your appointments until your new plan starts.

Changes in the Household

Call your CAO and Participant Services at **1-844-626-6813** or **1-844-349-8916 (TTY)** if there are any changes to your household.

Community HealthChoices 2020 Participant Handbook

What Happens if I Move?

Contact your CAO if you move. If you move out of state, you will no longer be able to get services through Community HealthChoices. Your caseworker will end your benefits in Pennsylvania. You will need to apply for benefits in your new state.

Loss of Benefits

There are a few reasons why you may lose your benefits.

They include:

- Your Medical Assistance ends for any reason. If you are eligible for Medical Assistance again within 6 months, you will be re-enrolled in the same Community HealthChoices plan unless you pick a different Community HealthChoices plan.
- You go to a nursing home outside of Pennsylvania.

Picking Your Primary Care Provider (PCP)

Your PCP is the doctor or doctors' group who provides and works with your other health care providers to make sure you get the health care services you need. Your PCP refers you to specialists you need and keeps track of the care you get by all of your providers.

A PCP may be a family doctor, a general practice doctor, a pediatrician, or an internist (internal medicine doctor). You may also pick a certified registered nurse practitioner (CRNP) as a PCP. A CRNP works under the direction of a doctor and can do many of the same things a doctor can do such as prescribing medicine and diagnosing illnesses.

Some doctors have other medical professionals who may see you and provide care and treatment under the supervision of your PCP.

Some of these medical professionals may be:

- Physician Assistants
- Medical Residents
- Certified Nurse-Midwives

If you have Medicare, you can stay with the PCP you have now even if your PCP is not in **PA Health & Wellness's** network. If you do not have Medicare, your PCP must be in **PA Health & Wellness's** network. If you have special needs, you can ask for a specialist to be your PCP. The specialist needs to agree to be your PCP and must be in **PA Health & Wellness's** network.

Enrollment specialists can help you pick your first PCP with **PA Health & Wellness**. If you do not pick a PCP through the Enrollment Specialists within 14 days of when you picked **PA Health & Wellness**, we will pick your PCP for you.

Changing Your PCP

If you want to change your PCP for any reason, call Participant Services at **1-844-626-6813 or 1-844-349-8916 (TTY)** to ask for a new PCP. If you need help finding a new

Community HealthChoices 2020 Participant Handbook

PCP, you can go to **PAHealthWellness.com**, which includes a provider directory, or ask Participant Services to send you a printed provider directory.

PA Health & Wellness will send you a new ID card with the new PCP's name and phone number on it. The Participant Services representative will tell you when you can start seeing your new PCP.

When you change your PCP, **PA Health & Wellness** can help coordinate sending your medical records from your old PCP to your new PCP. In emergencies, **PA Health & Wellness** will help to transfer your medical records as soon as possible.

If you have a pediatrician or pediatric specialist as a PCP, you may ask for help to change to a PCP who provides services for adults.

If you have Medicare you should contact your Medicare provider to change your PCP.

Office Visits

Making an Appointment with Your PCP

To make an appointment with your PCP, call your PCP's office. If you need help making an appointment, please call **PA Health & Wellness's** Participant Services at **1-844-626-6813 or 1-844-349-8916 (TTY)**.

If you need help getting to your doctor's appointment, please see the Medical Assistance Transportation Program (MATP) section on page **10**, of this Handbook or call **PA Health & Wellness's** Participant Services at the phone number above.

If you do not have your **PA Health & Wellness** ID card by the time of your appointment, take your ACCESS or EBT card with you. You should also tell your PCP that you selected **PA Health & Wellness** as your Community HealthChoices plan.

Appointment Standards

PA Health & Wellness's providers must meet the following appointment standards:

- Your PCP should see you within 10 business days of when you call for a routine appointment.

Community HealthChoices 2020 Participant Handbook

- You should not have to wait in the waiting room longer than 30 minutes, unless the doctor has an emergency.
- If you have an urgent medical condition, your provider should see you within 24 hours of when you call for an appointment.
- If you have an emergency, the provider must see you immediately or refer you to an emergency room.
- If you are pregnant and
 - In your first trimester, your provider must see you within 10 business days of **PA Health & Wellness** learning you are pregnant.
 - In your second trimester, your provider must see you within 5 business days of **PA Health & Wellness** learning you are pregnant.
 - In your third trimester, your provider must see you within 4 business days of **PA Health & Wellness** learning you are pregnant.
 - Have a high-risk pregnancy, your provider must see you within 24 hours of **PA Health & Wellness** learning you are pregnant.

Referrals

A referral is when your PCP sends you to a specialist. A specialist is a doctor (or a doctor's group) or a CRNP who focuses his or her practice on treating one disease or medical condition or a specific part of the body. If you go to a specialist without a referral from your PCP, you may have to pay the bill.

If **PA Health & Wellness** does not have at least 2 specialists in your area and you do not want to see the one specialist in your area, **PA Health & Wellness** will work with you to see an out-of-network specialist at no cost to you. Your PCP must contact **PA Health & Wellness** to let **PA Health & Wellness** know you want to see an out-of-network specialist and get approval from **PA Health & Wellness** before you see the specialist.

Your PCP will help you make the appointment with the specialist. The PCP and the specialist will work with you and with each other to make sure you get the health care you need.

Sometimes you may have a special medical condition where you need to see the specialist often. When your PCP refers you for several visits to a specialist, this is called a standing referral.

For a list of specialists in **PA Health & Wellness's** network, please see the provider directory on our website at <http://providersearch.PAHealthWellness.com> or call Participant Services to ask for help or a printed provider directory.

Community HealthChoices 2020 Participant Handbook

Self-Referrals

Self-referrals are services you arrange for yourself and do not require that your PCP arrange for you to receive the service. You must use a **PA Health & Wellness** network provider unless **PA Health & Wellness** approves an out-of-network provider.

The following services do not require referral from your PCP:

- Prenatal visits
- Routine obstetric (OB) care
- Routine gynecological (GYN) care
- Routine family planning services (may see out-of-network provider without approval)
- Routine dental services
- Routine eye exams
- Emergency services

You do not need a referral from your PCP for behavioral health services. You can call your behavioral health managed care organization for more information. Please see section 7 of the handbook, on page **99** for more information

After-Hours Care

You can call your PCP for non-emergency medical problems 24 hours a day, 7 days a week. On-call health care professionals will help you with any care and treatment you need.

PA Health & Wellness has a toll-free nurse hotline at **1-844-626-6813 (TTY 1-844-349-8916)** that you can also call 24 hours a day, 7 days a week. A nurse will talk with you about your urgent health matters.

This includes sharing your PHI with providers who are treating you or so that **PA Health & Wellness** can pay your providers. It also includes sharing your PHI with DHS. To get a copy of **PA Health & Wellness's** Notice of Privacy Practices, please call the **Compliance and Ethics Hotline at 1-800-345-1642** or visit **PAHealthWellness.com**.

Co-Payments

A co-payment is the amount you pay for some covered services. It is usually only a small amount. You will be asked to pay your co-payment when you get the service, but you cannot be denied a service if you are not able to pay a co-payment at that time. If you did not pay your co-payment at the time of the service, you may receive a bill from your provider for the co-payment.

Co-payment amounts can be found in the Covered Services chart starting on page **49** of this Handbook.

The following Participants do not have to pay co-payments:

- Pregnant women (including 60 days after the child is born (the post-partum period))

Community HealthChoices 2020 Participant Handbook

- Participants who live in a long-term care facility, including Intermediate Care Facilities for the Intellectually Disabled and Other Related Conditions or other medical institution
- Participants who live in a personal care home or domiciliary care home
- Participants eligible for benefits under the Breast and Cervical Cancer Prevention and Treatment Program
- Participants who are receiving hospice care

The following services do not require a co-payment:

- Emergency services
- Laboratory services
- Family planning services, including supplies
- Hospice services
- Home health services
- Tobacco cessation services

What if I Am Charged a Co-payment and I Disagree?

If you believe that a provider charged you the wrong amount for a co-payment or a co-payment you believe you should not have had to pay, you can file a Complaint with **PA Health & Wellness**. Please see Section 8, Complaints, Grievances, and Fair Hearings for information on how to file a Complaint, or call Participant Services at **1-844-626-6813** or **1-844-349-8916 (TTY)**.

Billing Information

Providers in **PA Health & Wellness's** network may not bill you for medically necessary services that **PA Health & Wellness** covers. Even if your provider has not received payment or the full amount of his or her charge from **PA Health & Wellness**, the provider may not bill you. This is called balance billing.

When Can a Provider Bill Me?

Providers may bill you if:

- You did not pay your co-payment.

Community HealthChoices 2020 Participant Handbook

- You received services from an out-of-network provider without approval from **PA Health & Wellness** and the provider told you before you received the service that the service would not be covered, and you agreed to pay for the service.
- You received services that are not covered by **PA Health & Wellness** and the provider told you before you received the service that the service would not be covered, and you agreed to pay for the service.
- You received a service from a provider that is not enrolled in the Medical Assistance Program.

What Do I Do if I Get a Bill?

If you get a bill from a **PA Health & Wellness** network provider and you think the provider should not have billed you, you can call Participant Services at **1-844-626-6813** or **1-844-349-8916 (TTY)**.

If you get a bill from a provider for one of the above reasons that a provider is allowed to bill you, you should pay the bill or call the provider.

Third-Party Liability

You may have Medicare or other health insurance. Medicare or your other health insurance is your primary insurance. This other insurance is known as “third party liability” or TPL. Having other insurance does not affect your Medical Assistance eligibility. In most cases, your Medicare or other insurance will pay your PCP or other provider before **PA Health & Wellness** pays. **PA Health & Wellness** can only be billed for the amount that your Medicare or other health insurance does not pay.

You must tell both your CAO and Participant Services at **1-844-626-6813** or **1-844-349-8916 (TTY)** if you have Medicare or other health insurance. When you go to a provider or to a pharmacy you must tell the provider or pharmacy about all forms of medical insurance you have and show the provider or pharmacy your Medicare card or other insurance card, ACCESS or EBT card, and your **PA Health & Wellness** ID card. This helps make sure your health care bills are paid timely and correctly.

Community HealthChoices 2020 Participant Handbook

Coordination of Benefits

If you have Medicare and the service or other care you need is covered by Medicare, you can get care from any Medicare provider you pick. The provider does not have to be in **PA Health & Wellness's** network. You also do not have to get prior authorization from **PA Health & Wellness** or referrals from your Medicare PCP to see a specialist. **PA Health & Wellness** will work with Medicare to decide if it needs to pay the provider after Medicare pays first, if the provider is enrolled in the Medical Assistance Program.

If you need a service that is not covered by Medicare but is covered by **PA Health & Wellness**, you must get the service from a **PA Health & Wellness** network provider. All **PA Health & Wellness** rules, such as prior authorization and specialist referrals, apply to these services.

If you do not have Medicare but you have other health insurance and you need a service or other care that is covered by your other insurance, you must get the service from a provider that is in both the network of your other insurance and **PA Health & Wellness's** network. You need to follow the rules of your other insurance and **PA Health & Wellness**, such as prior authorization and specialist referrals. **PA Health & Wellness** will work with your other insurance to decide if it needs to pay for the services after your other insurance pays the provider first.

If you need a service that is not covered by your other insurance, you must get the services from a **PA Health & Wellness** network provider. All **PA Health & Wellness** rules, such as prior authorization and specialist referrals, apply to these services.

Recipient Restriction/Lock-in Program

The Recipient Restriction/ Participant Lock-In Program requires a Participant to use specific providers if the Participant has abused or overused his or her health care or prescription drug benefits. **PA Health & Wellness** works with DHS to decide whether to limit a Participant to a doctor, pharmacy, hospital, dentist, or other provider.

Community HealthChoices 2020 Participant Handbook

How Does it Work?

PA Health & Wellness reviews the health care and prescription drug services you have used. If **PA Health & Wellness** finds overuse or abuse of health care or prescription services, **PA Health & Wellness** asks DHS to approve putting a limit on the providers you can use. If approved by DHS, **PA Health & Wellness** will send you a written notice that explains the limit.

You can pick the providers, or **PA Health & Wellness** will pick them for you. If you want a different provider than the one **PA Health & Wellness** picked for you, call Participant Services at **1-844-626-6813 or 1-844-349-8916 (TTY)**. The limit will last for 5 years even if you change Community HealthChoices plans.

If you disagree with the decision to limit your providers, you may appeal the decision by asking for a DHS Fair Hearing, within 30 days of the date of the letter telling you that **PA Health & Wellness** has limited your providers.

You must sign the **written** request for a Fair Hearing and send it to:

Reporting Fraud or Abuse

How Do I Report Participant Fraud or Abuse?

If you think that someone is using your or another Participant's **PA Health & Wellness** card to get services, equipment, or medicines, is forging or changing their prescriptions, or is getting services they do not need, you can call the **PA Health & Wellness** Fraud and Abuse Hotline at **1-866-865-8664** to give **PA Health & Wellness** this information. To report provider fraud you can call the **PA Health & Wellness's** Fraud and Abuse Hotline at **1-866-865-8664**. Care Management

Care Management is available for all participants. A care manager will work with you, your PCP, all of your other providers, and other health insurance you have to make sure that you get all the services you need. A care manager can also help connect you with other state and local programs.

Your care manager will also help you when you are leaving the hospital or other short-term medical setting to make sure you get the services you need when you get home. These services may include home care visits or therapies. **PA Health & Wellness** wants you to be able to go back home as soon as possible.

If you need help with any part of your health care or services or with connecting with another state or local program, please call your care manager or Participant Services at **1-844-626-6813 or 1-844-349-8916 (TTY)**.

Services That Are Not Covered

There are physical health services that **PA Health & Wellness** does not cover. If you have any questions about whether or not **PA Health & Wellness** covers a service for you, please call Participant Services at **1-844-626-6813 or 1-844-349-8916 (TTY)**.

MCOs may not cover experimental medical procedures, medicines, and equipment.

Second Opinions

You have the right to ask for a second opinion if you are not sure about any medical treatment, service, or non-emergency surgery that is suggested for you. A second opinion may give you more information that can help you make important decisions about your treatment. A second opinion is available to you at no cost other than a co-pay.

Call your PCP to ask for the name of another **PA Health & Wellness** network provider to get a second opinion. If there are not any other providers in **PA Health & Wellness's** network, you may ask **PA Health & Wellness** for approval to get a second opinion from an out-of-network provider.

What is Prior Authorization?

Some services or items need approval from **PA Health & Wellness** before you can get the service. This is called Prior Authorization. For services that need prior authorization, **PA Health & Wellness** decides whether a requested service is medically necessary before you get the service. You or your provider must make a request to **PA Health & Wellness** for approval before you get the service.

What Does Medically Necessary Mean?

Medically necessary means that a service, item, or medicine does one of the following:

- It will, or is reasonably expected to, prevent an illness, condition, or disability;
- It will, or is reasonably expected to, reduce or improve the physical, mental, or developmental effects of an illness, condition, injury or disability;
- It will help you to get or keep the ability to perform daily tasks, taking into consideration both your abilities and the abilities of someone of the same age.
- If you are getting LTSS, it will give you the benefits of community living, the chance to meet your goals, and to be able to live and work where you want to.

If you need any help understanding when a service, item, or medicine is medically necessary or would like more information, please call Participant Services at **1-844-626-6813 or 1-844-349-8916 (TTY)**

Community HealthChoices 2020 Participant Handbook

How to Ask for Prior Authorization

Contact your PCP or Service Coordinator to request a Prior Authorization on the requested service.

If you need help to better understand the prior authorization process, talk to your PCP or specialist or call Participant Services at **1-844-626-6813 or 1-844-349-8916 (TTY)**.

If you or your provider would like a copy of the medical necessity guidelines or other rules that were used to decide your prior authorization request, **call Participant Services at 1-844-626-6813 or 1-844-349-8916 (TTY)**.

For those services that have limits, if you or your provider believes that you need more services than the limit on the service allows, you or your provider can ask for more services through the prior authorization process.

If you are or your provider is unsure about whether a service, item, or medicine requires prior authorization, call Participant Services at **1-844-626-6813** or **1-844-349-8916 (TTY)**.

Prior Authorization of a Service or Item

PA Health & Wellness will review the prior authorization request and the information you or your provider submitted. **PA Health & Wellness** will tell you of its decision within 2 business days of the date **PA Health & Wellness** received the request if **PA Health & Wellness** has enough information to decide if the service or item is medically necessary.

If **PA Health & Wellness** does not have enough information to decide the request, we must tell your provider within 48 hours of receiving the request that we need more information to decide the request and allow 14 days for the provider to give us more information. **PA Health & Wellness** will tell you of our decision within 2 business days after **PA Health & Wellness** receives the additional information.

You and your provider will get a written notice telling you if the request is approved or denied and, if it was denied, the reason it was denied.

Community HealthChoices 2020 Participant Handbook

Prior Authorization of Outpatient Drugs

Pharmacy Benefits manager, Envolve Pharmacy Solutions will review a prior authorization request for outpatient drugs, which are drugs that you do not get in the hospital, within 24 hours from when **PA Health & Wellness** gets the request. You and your provider will get a written notice telling you if the request is approved or denied and, if it was denied, the reason it was denied.

If you go to a pharmacy to fill a prescription and the prescription cannot be filled because it needs prior authorization, the pharmacist will give you a temporary supply unless the pharmacist thinks the medicine will harm you. If you have not already been taking the medicine, you will get a 72-hour supply. If you have already been taking the medicine, you will get a 15-day supply. Your provider will still need to ask **PA Health & Wellness** for prior authorization as soon as possible.

The pharmacist will not give you the 15 day supply for a medicine that you have been taking if you get a denial notice from PA Health & Wellness 10 days before your prescription ends telling you that the medicine will not be approved again and you have not filed a Grievance.

What if I Receive a Denial Notice?

If **PA Health & Wellness** denies a request for a service, item, or drug or does not approve it as requested, you can file a Grievance or a Complaint. If you file a Complaint or a Grievance for denial of an ongoing medication, **PA Health & Wellness** must authorize the medication until the Complaint or Grievance is resolved. See Section 8, Complaints, Grievances, and Fair Hearings, starting on page **102** of this Handbook for detailed information on Complaints and Grievances.

Service Descriptions

Emergency Services

Emergency services are services needed to treat or evaluate an emergency medical condition. An emergency medical condition is an injury or illness that is so severe that a reasonable person with no medical training would believe that there is an immediate risk to a person's life or long-term health. If you have an emergency medical condition, go to the nearest emergency room, dial 911, or call your local ambulance provider. You do **not** have to get approval from **PA Health & Wellness** to get emergency services and you may use any hospital or other setting for emergency care.

Community HealthChoices 2020 Participant Handbook

Below are some examples of emergency medical conditions and non-emergency medical conditions:

Emergency medical conditions

- Heart attack
- Chest pain
- Severe bleeding
- Intense pain
- Unconsciousness
- Poisoning

Non-emergency medical conditions

- Sore throat
- Vomiting
- Cold or flu
- Backache

If you are unsure if your condition requires emergency services, call your PCP or the **PA Health & Wellness** Nurse Hotline at **1-844-626-6813 (TTY 1-844-349-8916)** 24 hours a day, 7 days a week.

Emergency Medical Transportation

PA Health & Wellness covers emergency medical transportation by an ambulance for emergency medical conditions. If you need an ambulance, call 911 or your local ambulance provider. Do not call MATP (described on page **10**) of this Handbook) for emergency medical transportation.

Urgent Care

PA Health & Wellness covers urgent care for an illness, injury, or condition which if not treated within 24 hours, could rapidly become a crisis or an emergency medical condition. This is when you need attention from a doctor, but not in the emergency room.

If you need urgent care, but you are not sure if it is an emergency, call your PCP or the **PA Health & Wellness** Nurse Hotline at **1-844-626-6813 (TTY 1-844-349-8916)** first. Your PCP or the hotline nurse will help you decide if you need to go to the emergency room, the PCP's office, or an urgent care center near you. In most cases if you need urgent care, your PCP will give you an appointment within 24 hours. If you are not able to reach your PCP or your PCP cannot see you within 24 hours and your medical condition is not an emergency, you may also visit an urgent care center or walk-in clinic within

Community HealthChoices 2020 Participant Handbook

PA Health & Wellness's network. Prior authorization is not required for services at an Urgent Care center.

Some dental services are only covered with a Benefit Limit Exception (BLE). You or your dentist can also ask for a BLE if you or your dentist believes that you need more dental services than the limits allow.

Community HealthChoices 2020 Participant Handbook

PA Health & Wellness will approve a BLE if:

- You have a serious or chronic illness or health condition and without the additional service your life would be in danger; OR
- You have a serious or chronic illness or health condition and without the additional service your health would get much worse; OR
- You would need more expensive treatment if you do not get the requested service; OR
- It would be against federal law for **PA Health & Wellness** to deny the exception.

To ask for a BLE before you receive the service, you or your dentist can call **PA Health & Wellness** Participant Services at **1-844-626-6813 (TTY 1-844-349-8916)** or send the request to:

PA Health & Wellness
300 Corporate Center Drive

BLE requests must include the following information:

- Your name
- Your address
- Your phone number
- The service you need
- The reason you need the service
- Your provider's name
- Your provider's phone number

Time Frames for Deciding a Benefit Limit Exception

If you or your provider asks for an exception before you get the service, **PA Health & Wellness** will let you know whether or not the BLE is approved within the same time frame as the time frame for prior authorization requests, described on page **57**.

If your dentist asks for an exception after you got the service, **PA Health & Wellness** will let you know whether or not the BLE request is approved within 30 days of the date **PA Health & Wellness** gets the request.

If you disagree with or are unhappy with **PA Health & Wellness's** decision, you may file a Complaint or Grievance with **PA Health & Wellness**. For more information on the Complaint and Grievance process, please see Section 8 of this Handbook, Complaints, Grievances, and Fair Hearings on page **102**.

If you have questions about whether a prescription medicine is covered, need help finding a pharmacy in **PA Health & Wellness's** network, or have any other questions, please call Participant Services at **1-844-626-6813 or 1-844-349-8916 (TTY)**.

Community HealthChoices 2020 Participant Handbook

any other questions. If your medication is not covered by Medicare, but is covered by **PA Health & Wellness**, PA Health & Wellness will pay for the medication.

Drug Formulary

A formulary, also called a preferred drug list (PDL), is a list of medicines that **PA Health & Wellness** covers. This is what your PCP or other doctor should use when deciding what medicines you should take. The formulary has both brand name and generic drugs. Generic drugs contain the same active ingredients as brand name drugs. Any medicine prescribed by your doctor that is not on **PA Health & Wellness's** formulary needs prior authorization. The formulary can change from time to time, so you should make sure that your provider has the latest information when prescribing a medicine for you.

If you have any questions or to get a copy of the drug formulary, call Participant Services at **1-844-626-6813 or 1-844-349-8916 (TTY)** or visit **PA Health & Wellness's** website at www.PAHealthWellness.com/Providers/Pharmacy.html.

Specialty Medicines

The drug formulary includes medicines that are called specialty medicines. A prescription for these medicines needs to be prior authorized. You may have a co-payment for your medicine. To see the drug formulary and a complete list of specialty medicines, call Participant Services at **1-844-626-6813 or 1-844-349-8916 (TTY)** or visit **PA Health & Wellness's** website at <https://www.PAHealthWellness.com/Members/LTSS/Benefits-Services/Pharmacy.html>.

You will need to get these medicines from a specialty pharmacy. A specialty pharmacy can mail your medicines directly to you and will not charge you for sending you your medicines. The specialty pharmacy will contact you before sending your medicine. The pharmacy can also answer any questions you have about the process. You can pick any specialty pharmacy that is in **PA Health & Wellness's** network. For the list of network specialty pharmacies, please call Participant Services at **1-844-626-6813 or 1-844-349-8916 (TTY)** or see the provider directory on **PA Health & Wellness's** website at <http://providersearch.PAHealthWellness.com>. Family Planning

PA Health & Wellness covers family planning services. You do not need a referral from your PCP for family planning services. These services include pregnancy testing, testing and treatment of sexually transmitted diseases, birth control supplies, and family planning education and counseling. You can see any doctor that is a Medical Assistance provider, including any out-of-network provider that offers family planning services. There is no co-payment for these services. When you go to a family planning provider that is not in the **PA Health & Wellness** network, you must show your **PA Health & Wellness** and ACCESS or EBT card.

For more information on covered family planning services or to get help finding a family planning provider, call Participant Services at **1-844-626-6813** or **1-844-349-8916 (TTY)**.

Maternity Care

Care During Pregnancy

Prenatal care is the health care a woman receives through her pregnancy and delivery from a maternity care provider, such as an obstetrician (OB or OB/GYN) or a nurse-midwife. Early and regular prenatal care is very important for you and your baby's health. Even if you have been pregnant before, it is important to go to a maternity care provider regularly through each pregnancy.

If you think you are pregnant and need a pregnancy test, see your PCP or a family planning provider. If you are pregnant, you can:

- Call or visit your PCP, who can help you find a maternity care provider in the **PA Health & Wellness's** network.
- Visit a network OB or OB/GYN or nurse-midwife on your own. You do not need a referral for maternity care.
- Visit a network health center that offers OB or OB/GYN services.
- Call Participant Services at **1-844-626-6813** or **1-844-349-8916 (TTY)** to find a maternity care provider.

You should see a doctor as soon as you find out you are pregnant. Your maternity care provider must schedule an appointment to see you

- If you are in your first trimester, within 10 business days of **PA Health & Wellness** learning you are pregnant.
- If you are in your second trimester, within 5 business days of **PA Health & Wellness** learning you are pregnant.

Community HealthChoices 2020 Participant Handbook

- If you are in your third trimester, within 4 business days of **PA Health & Wellness** learning you are pregnant.
- If you have a high-risk pregnancy, within 24 hours of **PA Health & Wellness** learning you are pregnant.

If you have an emergency, go to the nearest emergency room, dial 911, or call your local ambulance provider.

It is important that you stay with the same maternity care provider throughout your pregnancy and postpartum care (60 days after your baby is born). They will follow your health and the health of your growing baby closely. It is also a good idea to stay with the same Community HealthChoices plan during your entire pregnancy.

PA Health & Wellness has specially trained maternal health coordinators who know what services and resources are available for you.

If you are pregnant and are already seeing a maternity care provider when you enroll in **PA Health & Wellness**, you can continue to see that provider even if he or she is not in **PA Health & Wellness's** network. The provider will need to call **PA Health & Wellness** for approval to treat you.

Care for You and Your Baby After Your Baby is Born

You should visit your maternity care provider between **4 to 6 weeks** after your baby is delivered for a check-up unless your maternity care provider wants to see you sooner.

Your baby should have an appointment with the baby's PCP when he or she is 3 to 5 days old, unless the doctor wants to see your baby sooner. It is best to pick a doctor for your baby while you are still pregnant.

Durable Medical Equipment and Medical Supplies

PA Health & Wellness covers Durable Medical Equipment (DME) and medical supplies. DME is a medical item or device that can be used many times in your home or in any setting where normal life activities occur and is generally not used unless a person has an illness or injury. Medical supplies are usually disposable and are used for a medical purpose. Some of these items need prior authorization, and your physician must order them. DME suppliers must be in the **PA Health & Wellness** network. You may have a co-payment.

Examples of DME include:

Community HealthChoices 2020 Participant Handbook

- Wheelchairs
- Crutches
- Walkers
- Splints
- Special medical beds

Examples of medical supplies include:

- Diabetic supplies (such as syringes, test strips)
- Gauze pads
- Dressing tape
- Incontinence supplies (such as pull ups, briefs, underpads)

If you have any questions about DME or medical supplies, or for a list of network suppliers, please call Participant Services at **1-844-626-6813** or **1-844-349-8916 (TTY)**.

Nursing Home Services

A nursing home is a licensed facility that provides nursing or long-term care services. These facilities have services that help both the medical and non-medical needs of residents. Nursing home services include nursing and rehabilitation, assistance with tasks like dressing, bathing, using the bathroom, meals, and laundry or other services that are needed on a regular basis as part of a planned health care or health management program. Nursing homes must be part of **PA Health & Wellness's** provider network for you to receive services. If you need nursing home services for more than 30 days, see page **83** of the handbook for information on Long-Term Services and Supports.

Outpatient Services

PA Health & Wellness covers outpatient services such as physical, occupational, and speech therapy as well as x-rays and laboratory tests. Your PCP will arrange for these services with one of **PA Health & Wellness's** network providers.

Your outpatient service may require Prior Authorization. Call your Provider or Service Coordinator if the service is potentially cosmetic or experimental.

Call 1-844-626-6813 (TTY 1-844-349-8916) and one of our representatives will be available to assist in finding an in-network provider close to you.

Hospital Services

PA Health & Wellness covers inpatient and outpatient hospital services. If you need inpatient hospital services and it is not an emergency, your PCP or specialist will arrange for you to be admitted to a hospital in **PA Health & Wellness's** network and will follow your care even if you need other doctors during your hospital stay. Inpatient hospital stays must be approved by **PA Health & Wellness**. To find out if a hospital is in the **PA Health & Wellness** network, please call Participant Services at **1-844-626-6813 or 1-844-349-8916 (TTY)** or check the provider directory on **PA Health & Wellness's** website at <http://providersearch.PAHealthWellness.com>.

If you have an emergency and are admitted to the hospital, you or a family member or friend should let your PCP know as soon as possible but no later than 24 hours after you were admitted to the hospital. If you are admitted to a hospital that is not in **PA Health & Wellness's** network, you may be transferred to a hospital in **PA Health & Wellness's** network. You will not be moved to a new hospital until you are strong enough to be transferred to a new hospital.

It is very important to make an appointment to see your PCP within 7 days after you leave the hospital. Seeing your PCP right after your hospital stay will help you follow any instructions you got while you were in the hospital and prevent you from having to be readmitted to the hospital.

Sometimes you may need to see a doctor or receive treatment at a hospital without being admitted overnight. These services are called outpatient hospital services.

If you have any other questions about hospital services, please call Participant Services at **1-844-626-6813 or 1-844-349-8916 (TTY)**.

If you are unsure about whether or not you are up to date with your health care needs, please call your PCP or Participant Services at **1-844-626-6813** or **1-844-349-8916 (TTY)**. Participant Services can also help you make an appointment with your PCP.

Section 4 –
Out-of-Network
and
Out-of-Plan Services

Out-of-Network Providers

An out-of-network provider is a provider that does not have a contract with **PA Health & Wellness** to provide services to **PA Health & Wellness's** Participant. There may be a time when you need to use a doctor or hospital that is not in the **PA Health & Wellness** network. If this happens, you can ask your PCP to help you. Your PCP has a special number to call to ask **PA Health & Wellness** that you be allowed to go to an out-of-network provider. **PA Health & Wellness** will check to see if there is another provider in your area that can give you the same type of care you or your PCP believes you need. If **PA Health & Wellness** cannot give you a choice of at least 2 providers in your area, **PA Health & Wellness** will cover medically necessary services provided by an out-of-network provider.

Getting Care While Outside of PA Health & Wellness's Service Area

If you are outside of **PA Health & Wellness's** service area and have a medical emergency, go to the nearest emergency room or call 911. For emergency medical conditions, you do not have to get approval from **PA Health & Wellness** to get care. If you need to be admitted to the hospital, you should let your PCP know.

If you need care for a non-emergency condition while outside of the service area, call your PCP or Participant Services at **1-844-626-6813** or **1-844-349-8916 (TTY)** who will help you to get the most appropriate care.

PA Health & Wellness will not pay for services received outside of the United States and its territories.

Out-of-Plan Services

You may be eligible to get services other than those provided by **PA Health & Wellness**. Below are some services that are available but are not covered by **PA Health & Wellness**. If you would like help in getting these services, please call Participant Services at **1-844-626-6813** or **1-844-349-8916 (TTY)**.

Non-Emergency Medical Transportation

PA Health & Wellness does not cover non-emergency medical transportation for most Community HealthChoices Participants. **PA Health & Wellness** can help you arrange transportation to covered service appointments through programs such as Shared Ride or the MATP described below.

PA Health & Wellness does cover non-emergency medical transportation if:

- You live in a nursing home, and need to go to any medical appointment or an urgent care center or a pharmacy for any Medical Assistance service, DME or medicine
- You need specialized non-emergency medical transportation, such as if you need to use a stretcher to get to your appointment

If you have questions about non-emergency medical transportation, please call Participant Services at **1-844-626-6813** or **1-844-349-8916 (TTY)**.

Medical Assistance Transportation Program

MATP provides non-emergency transportation to medical appointments and pharmacies. This service is provided at no cost to you. The MATP in the county where you live will determine your need for services and provide the right type of transportation for you. Transportation services are typically provided in the following ways:

- Where public transportation such as buses, subways or trains is available, MATP provides tokens or passes or repays you for the public transportation fare.
- If you or someone else has a car that you can use to get to your appointment, MATP may pay you an amount per mile plus parking and tolls with valid receipts.
- Where public transportation is not available or is not right for you, MATP provides rides in paratransit vehicles, which include vans, vans with lifts, or taxis. Usually the vehicle will have more than 1 rider with different pick-up and drop-off times and locations.

If you need transportation to a medical appointment or to the pharmacy, contact your local MATP to get more information and to register for services. Please refer to page **10** for a full list of MATP contacts by county. A complete list of county MATP contact information can be found here:

<http://matp.pa.gov/CountyContact.aspx>.

Community HealthChoices 2020 Participant Handbook

MATP will confirm with **PA Health & Wellness** or your doctor's office that the medical appointment you need transportation for is a covered service. **PA Health & Wellness** works with MATP to help you arrange transportation. You can also call Participant Services for more information at **1-844-626-6813** or **1-844-349-8916 (TTY)**.

Section 5 – Long-Term Services and Supports

Long-Term Services and Supports

PA Health & Wellness covers long-term services and supports (LTSS) for participants who cannot do some activities of daily living or who have chronic illnesses. LTSS include services in the community and in a nursing home or other institution. LTSS help you live where you want to, for example, at home or in another residential setting in the community, a nursing home, or other institution. LTSS also support you where you want to work.

In order to be able to get LTSS, you will have to have a “clinical eligibility determination” that shows that you need the type of services provided in a nursing home, even if you are getting or could get the services at home or in another community setting. This is called being “Nursing Facility Clinically Eligible,” also called “NFCE.” This means that not everyone may get LTSS.

If you are getting or will be getting LTSS, **PA Health & Wellness** will meet with you to go over what all of your needs are, including where you live or want to live, what your physical health and behavioral health needs are, and whether you need caregiver or other support in the community. This is called a “comprehensive needs assessment.”

As part of the comprehensive needs assessment, you will get a service coordinator, who will work with you to create a person-centered service plan (PCSP), which will include all of the services you need, whether or not **PA Health & Wellness** covers the services.

Service Coordination, the comprehensive needs assessment, and the person-centered planning process are explained in more detail below.

Service Coordination

If you qualify for LTSS, a service coordinator will help you get all the LTSS you need. **PA Health & Wellness** will give you a choice of at least two service coordinators to pick from. Your service coordinator will work with you to create a PCSP and will make sure that your PCSP stays up to date and that you get all the services and supports listed in your PCSP.

Community HealthChoices 2020 Participant Handbook

You should contact your service coordinator in the following situations:

- If you do not understand your PCSP. You should know and be able to understand the services and supports you will get and the providers who will support you.
- If you would like to change your PCSP.
- If you are having problems with any of your services, supports, or providers.

Your service coordinator will help you get both LTSS and other covered and non-covered medical, social, housing, educational, and other services and supports listed in your PCSP. Your service coordinator will:

- Give you information about and help you get, needed services and supports.
- Keep track of your services and supports.
- Tell you about:
 - Needed assessments
 - The PCSP process
 - Available LTSS
 - Service alternatives, including participant direction
 - Your rights, including your right to file a Complaint, Grievance, and request for a Fair Hearing
 - Your responsibilities in Community HealthChoices
 - Roles of persons who work with Community HealthChoices
- Help with Complaints, Grievances, and requests for Fair Hearings if you need and ask for help.
- Keep a record of your preferences, strengths, and goals for the PCSP.
- Reevaluate your needs every year or more often if needed.
- Help you and your person-centered planning team to pick providers.
- Remind you to do what's needed to stay eligible for Community HealthChoices and LTSS.
- Look for services outside of Community HealthChoices to meet your needs, including through Medicare or other health insurers, and other community resources.

If you are moving to a new home, your service coordinator will make sure that you get or keep the services and support you need for your move to a new home. This includes help to get and keep housing, activities to help you be independent, and help in using community resources so that you can stay in the community.

If you ever want a different service coordinator, please call Participant Services at 1-844-626-6813 (TTY 1-844-349-8916).

Community HealthChoices 2020 Participant Handbook

Comprehensive Needs Assessment

Your comprehensive needs assessment includes review of your physical health, behavioral health, LTSS, caregiver, and other needs. The assessment will also include talking about your preferences, goals, housing, and informal supports. The chart below shows when the assessment will be done, which depends on your situation.

Situation	Timeframe For PA Health & Wellness Assessment
You are NFCE but not getting LTSS when you start with PA Health & Wellness	Within 5 business days from start date
You already have a PCSP and are getting LTSS	Within 180 days from the start date of Community HealthChoices in your county OR within 5 business days of a clinical eligibility redetermination
You or someone for you asks for an assessment	Within 15 days of request
Your last comprehensive needs assessment was 12 or more months ago	All participants receiving LTSS must have a comprehensive needs assessment at least every 12 months
You have a trigger event (described below)	Within 14 days of the trigger event, or sooner based on the Participant's health status and needs

If you are getting LTSS and have one of the following trigger events, please call your service coordinator to make an appointment to complete a reassessment as soon as possible.

- A hospital admission, a move between health care settings (for example, from a hospital to a nursing home), or a hospital discharge.
- A change in your ability to care for yourself.
- A change in your caregiver or other informal supports that could change your need for services.
- A change in your home that could change your need for services.
- A permanent change in your health that could change your need for services.
- A request by you or someone for you, or a caregiver, provider, or DHS.

Community HealthChoices 2020 Participant Handbook

If you are not getting LTSS but think you may be eligible, you may ask **PA Health & Wellness** for a comprehensive needs assessment. After finishing the comprehensive needs assessment, if the results of your assessment indicate that you need LTSS, **PA Health & Wellness** will refer you to DHS for a clinical eligibility determination to see if you are NFCE. **PA Health & Wellness** does not determine your clinical eligibility for LTSS but will help you to understand the process.

Person-Centered Planning

After your comprehensive needs assessment, your service coordinator will work with you to create a PCSP. With support from your service coordinator, you will lead the creation of your PCSP. If you are unable to create your PCSP, your service coordinator will create your service plan with your input.

Below is important information for you to know about your PCSP:

- You will create your PCSP with help from your service coordinator and anyone whom you would like, such as family members or other informal supports.
- You will complete your PCSP with your service coordinator within 30 days from the date of comprehensive needs assessment or reassessment.
- You and your service coordinator will create your PCSP based on your comprehensive needs assessment, your clinical eligibility determination, and the services that **PA Health & Wellness** covers to meet your unmet needs.
- Your PCSP will include information about referrals needed for you to get services and supports.
- Your service coordinator will consider both in-network and out-of-network covered services to best meet your needs where you want to have your needs met.

Your PCSP will address your physical, behavioral, and LTSS needs, your strengths, preferences, and goals, and what you hope the services will do for you. It will include the following information:

- Your health conditions, current medicines, and the amount of all authorized services, including the length of time authorized.
- The provider(s) you picked to provide the services and supports you need and want.

Community HealthChoices 2020 Participant Handbook

- Where you live or want to live and get LTSS (which could be your home, a different residential setting in the community, a nursing home, or other institution). **PA Health & Wellness** supports you to live as independently as possible and participate in your community as much as you would like to and are able to.
- Risk factors that may impact your health, and ways to lower such risks, including having back-up plans for care if needed.
- Your need for and plan to get community resources, non-covered services, and other supports, including any reasonable accommodations.
- The supports you need to do what you like to do in your spare time, including hobbies, and community activities.
- How **PA Health & Wellness** will work with other health insurers or supports you have, such as Medicare, veterans insurance, and your BH-MCO.

When you have finished creating your PCSP, you and your service coordinator will sign it, and your service coordinator will give you a copy for your records. **PA Health & Wellness** will tell the LTSS providers in your PCSP that they are approved to provide the services and supports in your PCSP and the amount and type of service they should provide. Your providers cannot provide the LTSS services in your PCSP until they have the approval from **PA Health & Wellness**.

Your service coordinator must talk with you about your LTSS at least once every 3 months in-person to make sure you are getting your LTSS and that your LTSS are meeting your needs.

Nursing Home Services

PA Health & Wellness covers nursing home services. A nursing home is licensed to provide nursing or long-term care services that help both the medical and non-medical needs of persons in the nursing home. Services include nursing and rehabilitation, help with tasks like dressing, bathing, using the bathroom, meals, and laundry or other services which are needed on a regular basis as part of a planned health care program.

Community HealthChoices 2020 Participant Handbook

If you are not living in a nursing home now, before you can get LTSS in a nursing home, DHS, in consultation with your doctor will assess whether you are Nursing facility clinically eligible (NFCE). See page **84** of this Handbook for an explanation of NFCE. Nursing home services must also be prior authorized by **PA Health & Wellness**.

If you are living in a nursing home and you enrolled in Community HealthChoices when it first started, you will be able to stay in that nursing home as long as you need nursing home services. You can also move to another nursing home in **PA Health & Wellness's** network or contact an Enrollment Specialist at 844-824-3655 to learn about other Community HealthChoices plans and nursing homes in their network.

If you are living in a nursing home and you enrolled in Community HealthChoices after it first started, you must go to a nursing home in **PA Health & Wellness's** network, or ask **PA Health & Wellness** to approve your stay in an out-of-network nursing home. You can also contact an Enrollment Specialist at 844-824-3655 to learn about other Community HealthChoices plans and nursing homes in their network.

If you were not living in a nursing home when you first enrolled in Community HealthChoices, but now you need nursing home services, you must go to a nursing home in **PA Health & Wellness's** network. You can also contact an Enrollment Specialist to learn about other Community HealthChoices plans and nursing homes in their network.

Patient Pay for Nursing Home Services

If you live in a nursing home or have to go to a nursing home for a short time after an illness or injury, you may have to pay part of your cost of care every month. This is called your "patient pay" amount.

When you apply for Medical Assistance for nursing home care, the CAO decides what the amount of your cost of care will be based on your income and expenses. If you have questions, please call your CAO at the phone number on page **13** of this Handbook, or your service coordinator will work with you to help you understand your cost of care.

This is called “estate recovery.” DHS collects from the person’s estate after the person passes away, not while the person is getting services.

For Community HealthChoices participants, estate recovery applies to the amounts DHS paid to **PA Health & Wellness** for the following services:

- Nursing home services
- Home and Community-Based Services
- Hospital care and prescription drugs provided while the person was in a nursing home or getting HCBS

Your County Assistance Office can answer any questions you have about estate recovery. Please see page **13** of this Handbook for the phone number of the CAO.

Section 6 – Advance Directives

Advance Directives

There are 2 types of advance directives: Living Wills and Health Care Powers of Attorney. These allow for your wishes to be respected if you are unable to decide or speak for yourself. If you have either a Living Will or a Health Care Power of Attorney, you should give it to your PCP, other providers, and a trusted family member or friend so that they know your wishes.

If the laws regarding advance directives are changed, **PA Health & Wellness** will tell you in writing what the change is within 90 days of the change. For information on **PA Health & Wellness's** policies on advance directives, call Participant Services at **1-844-626-6813 or 1-844-349-8916 (TTY)** or visit **PA Health & Wellness's** website at **PAHealthWellness.com**.

Living Wills

A Living Will is a document that you create. It states what medical care you do, and do not, want to get if you cannot tell your doctor or other providers the type of care you want. Your doctor must have a copy and must decide that you are unable to make decisions for yourself for a Living Will to be used. You may revoke or change a Living Will at any time.

Health Care Power of Attorney

A Health Care Power of Attorney is also called a Durable Power of Attorney. A Health Care or Durable Power of Attorney is a document in which you give someone else the power to make medical treatment decisions for you if you are physically or mentally unable to make them yourself. It also states what must happen for the Power of Attorney to take effect. To create a Health Care Power of Attorney, you may but do not have to get legal help. You may contact **Participant Services at 1-844-626-6813 (TTY 1-844-349-8916)** for more information or direction to resources near you.

What to Do if a Provider Does Not Follow Your Advance Directive

Providers do not have to follow your advance directive if they disagree with it as a matter of conscience. If your PCP or other provider does not want to follow your advance directive, **PA Health & Wellness** will help you find a provider that will carry your wishes. Please call Participant Services at **1-844-626-6813 or 1-844-349-8916** ¹⁰⁶ **(TTY)** if you need help finding a new provider.

If a provider does not follow your advance directive, you may file a Complaint. Please see page **102** in Section 8 of this Handbook, Complaints, Grievances, and Fair Hearings for information on how to file a Complaint; or call Participant Services at **1-844-626-6813 or 1-844-349-8916 (TTY)**.

What Can I Do if My Health Is at Immediate Risk?

- You must ask **PA Health & Wellness** for an early decision by calling **PA Health & Wellness** at **1-844- 626-6813 (TTY 1-844-349-8916)**, faxing a letter or the Complaint/Grievance Request Form to **1-844-873-7451**, or sending an email to **PHWComplaintsandGrievances@PAHealthWellness.com**.
- Your doctor or dentist should fax a signed letter to **1-844-873-7451** within 72 hours of your request for an early decision that explains why **PA Health & Wellness** taking **30 days** to tell you the decision about your Complaint or Grievance could harm your health.

Expedited Fair Hearing

What Can I Do if My Health Is at Immediate Risk?

If your doctor or dentist believes that waiting the usual time frame for deciding a Fair Hearing could harm your health, you may ask that the Fair Hearing take place more quickly. This is called an expedited Fair Hearing. You can ask for an early decision by calling the Department at 1-800-798-2339 or by faxing a letter or the Fair Hearing Request Form to 717-772-6328. Your doctor or dentist must fax a signed letter to 717-772-6328 explaining why taking the usual amount of time to decide your Fair Hearing could harm your health. If your doctor or dentist does not send a letter, your doctor or

dentist must testify at the Fair Hearing to explain why taking the usual amount of time to decide your Fair Hearing could harm your health.

The Bureau of Hearings and Appeals will schedule a telephone hearing and will tell you its decision within 3 business days after you asked for a Fair Hearing.

If your doctor does not send a written statement and does not testify at the Fair Hearing, the Fair Hearing decision will not be expedited. Another hearing will be scheduled and the Fair Hearing will be decided using the usual time frame for deciding a Fair Hearing.
