## Update to Reimbursement for Procedure Codes S9083 and S9088

Effective August 1, 2026

Effective **August 1, 2026**, procedure codes **S9083** and **S9088** will be reimbursable only when billed with Place of Service (POS) 20 – Urgent Care Facility.

Claims submitted with any other place of service **will be denied**, as these codes are not reimbursable outside of urgent care settings.

### Procedure Code Details:

- **S9083** – Global Fee for Urgent Care Centers
  - Represents a facility-level global urgent care service.
  - Indicates the member was physically seen in an urgent care setting.
- **S9088** – Urgent Care Add-On Code
  - Must be billed in addition to an appropriate Evaluation and Management (E/M) or procedure code.
  - Represents urgent care operational costs.
  - May be billed only when services are provided in person in an urgent care setting.

Providers must ensure that these codes are billed with the correct place of service to avoid claim denials.

If you have questions about this update or other Provider resources contact your Provider Representative directly or call Provider Services at [1-833-510-4727](tel:1-833-510-4727) ([Relay 711](#)).

Sincerely,

Ambetter Health
