B. Covid-19/Fluvention	<ul style="list-style-type: none"> • Early detection saves lives <p>If anyone has any suggestions on topics they want covered to please let Greg H. know. Greg: It will be hot next week, stay hydrated and wear sunscreen. Susan F: Fall prevention could be a good topic.</p> <p>Presented by Susan Foster. Fluvention is a campaign that will run October 2025-May 2026. Programs goals are:</p> <ul style="list-style-type: none"> • Decrease flu among high-risk Participants • Increase overall flu vaccination rates from the previous year • Reduce flu-related utilization (ER visits, hospitalizations) <p>This program focuses on specific high-risk groups, including Participants who are 65+ years, those with chronic health conditions or pregnant. Flu Keypoints:</p> <ul style="list-style-type: none"> • Influenza (flu) is a contagious respiratory illness caused by flu viruses that infect the nose, throat, and lungs • Flu viruses are spread mainly by tiny water drops made when people with flu cough, sneeze, or talk • There are two main types of flu viruses: Influenza A and Influenza B. These are the types of flu that are responsible for seasonal flu epidemics each year and determine how flu vaccines are made • Flu can cause mild to severe illness, including death • The best way to prevent flu is by getting a flu vaccine each 	N/A	N/A

C. HEDIS Operations	<ul style="list-style-type: none"> Shooting pains, numbness, or tingling in the hands or feet <p>Penn State has a kit where you can remove the tick and get it sent out to be tested for Lyme Disease for \$18.</p> <p>What to do after a tick bite:</p> <ul style="list-style-type: none"> Remove attached ticks as soon as possible. As a word of caution, do not use petroleum jelly, heat, nail polish, alcohol, lighted match or heated tweezers, or other substances to try and make the tick detach from the skin. This may agitate the tick and force infected fluid from the tick into the skin Call your doctor if you develop a fever, rash, or other symptoms <p>Treatment is antibiotics once you are diagnosed. Remove ticks immediately!! Susan will get vaccine schedule out as well. Also, reach out to your provider to see which vaccines you need. Q: Can a baby tick transmit Lyme? A: They can, but it can be less likely. If you have any suggestions on transmittable diseases to let her or Greg know.</p> <p>HEDIS measures Q2 presented by John Savidge. <u>Men's Health Month:</u> Prostate Cancer is most prevalent cancer in men. Men have a 1 in 2 chance of cancer during lifetime. Women have a 1 in 3 chance of cancer during lifetime. <u>20s -30s</u></p>	N/A	N/A

H. Performance Improvement Project (PIP) – non-clinical and clinical	<p>This concluded the Participant Advisory Committee Meeting at 2:28 PM.</p> <p>The Board Advisory Committee meeting started at 2:28 PM.</p> <p>Brendin Tupta presented.</p> <ul style="list-style-type: none"> • OLTL requested that the 3 CHC-MCO's add an Interim Report to PIP reporting timeline. We are awaiting clarification on this request. • The upcoming annual submission is due at the end of July (updated to August 27). • PHW continues to collect data quarterly for each PIP project. • There are no outstanding concerns with both projects, and we continue to monitor all interventions. <p>Successes:</p> <ul style="list-style-type: none"> • We were able to collect all data points for both projects except for one. - The data collection process for most ITMs has been automated and streamlined. • We have established a quarterly review process for regularly collecting data. This will allow us to make interim changes as needed to the project. Previously all data was 	N/A	N/A

I. Culturally and Linguistically Appropriate Services (CLAS)	<p>only reported annually.</p> <p>Opportunities:</p> <ul style="list-style-type: none"> • One of the largest factors impacting performance for the projects is a lack of timely notification of participant discharge. • Currently NHT discharges are not audited by the Internal audit team as a part of their regular RAC audits. We are looking to include NHT discharges on the regular RAC audits which will allow us to then collect data for our intervention tracking measure. • With the established more frequent data collection, PHW can utilize the data to make changes and provide training as necessary to improve interventions. • There is an issue occurring with non-aligned D-SNP members where HSX is experiencing technical problems with Secure File Transfer Protocol (SFTP). A solution is actively being worked on. <p>Regina Hightman presented.</p> <p>In 2024 The top language requested by participants was:</p> <ul style="list-style-type: none"> • Spanish <p>If you speak a language other than English, free language assistance services are available to you. Appropriate auxiliary aids and services to provide information in accessible formats are also available free of charge. Call 1-844-626-6813 (TTY/TDD: 711)</p> <p>Getting to know our participants helps us provide you with better care and better programs, because:</p>	N/A	N/A
