

Preferred Drug List

The PA Health & Wellness Health Plan utilizes a combination of the Pennsylvania Medical Assistance Program Statewide Preferred Drug List (PDL) as well as a supplemental drug list to determine drugs covered by your prescription benefit. These lists are updated often and may change. You may view the Statewide PDL at <https://papdl.com>. To view the latest supplemental drug list, visit our website at www.PAHealthWellness.com or call us at 1-844-626-6813 (TTY/TDD: 711).

Supplemental Drug List Medication Locator Instructions:

1. With the PDF open, click on the Edit menu, then click Find
2. In the Find box type the name of the medication you want to locate
3. Click the Next button until you find the medication(s) you are looking for

PA Health & Wellness Health Plan Pharmacy Program

PA Health & Wellness Health Plan, Inc. (PA Health & Wellness) is committed to providing appropriate, high quality, and cost effective drug therapy to all PA Health & Wellness participants. PA Health & Wellness works with providers and pharmacists to ensure that medications used to treat a variety of conditions and diseases are covered according to Centers for Medicare & Medicaid (CMS) designation of an outpatient covered drug. PA Health & Wellness covers prescription medications and certain over-the-counter (OTC) medications when ordered by a physician/clinician. The pharmacy program covers all outpatient drugs as defined by CMS. Some medications require prior authorization (PA) or have limitations on age, dosage, and maximum quantities. This section provides an overview of the PA Health & Wellness pharmacy program. For more detailed information, please visit our website at www.PAHealthWellness.com.

Plan Preferred Drug List and Prior Authorization List

PA Health & Wellness utilizes a combination of the Pennsylvania Medical Assistance Program Statewide Preferred Drug List (PDL) as well as a supplemental drug list. To view the Statewide PDL, visit <https://papdl.com> or visit www.PAHealthWellness.com and follow the links to the Statewide PDL. All drugs covered under the Pennsylvania Medicaid program are available for PA Health & Wellness participants. The Statewide PDL lists all drugs available and includes the restrictions that apply to each drug, such as Age Limits (AL), Quantity Limits (QL), and prior authorization requirements. The Statewide PDL applies to drugs you receive in outpatient setting. The supplemental drug list is continually evaluated by the PA Health & Wellness Pharmacy and Therapeutics (P&T) Committee to promote the appropriate and cost-effective use of medications. The Committee is composed of the PA Health & Wellness Medical Director, PA Health & Wellness Pharmacy Director, and several Pennsylvania primary care physicians, pharmacists, and specialists and a consumer representative. The PDL and supplemental drug list do not:

- Require or prohibit the prescribing or dispensing of any medication
- Substitute for the independent professional judgment of the physician/clinician or pharmacist
- Relieve the physician/clinician or pharmacist of any obligation to the patient or others

Participant Copay Responsibility

- Generics - \$0
- Brands - \$3

No copay applies to the following categories:

- Participants under age 18
- Participants in long-term care, hospice, women in the Breast and Cervical Cancer Program, Foster Care, Pregnant women
- Antihypertensive agents
- Anticonvulsants
- Antineoplastic agents
- Antiglaucoma agents

- Antipsychotic agents, except those that are also Schedule C-IV antianxiety agents
- Antidiabetic agents
- Cardiovascular preparations
- HIV/AIDS
- Antiparkinson drugs
- Naloxone

Centene's Pharmacy Department

PA Health & Wellness works with Centene's Pharmacy Department to process all pharmacy claims for prescribed drugs. Some drugs on the Pennsylvania Medical Assistance Program's Statewide PDL and PA Health & Wellness's supplemental drug list require a PA and Centene's Pharmacy Department is responsible for administering this process.

Follow these guidelines for efficient processing of your authorization requests:

1. Complete the PA Health & Wellness Health Plan form: Medication Prior Authorization Request Form.
2. Fax to Centene's Pharmacy Department at 1-844-205-3386.
3. Prior Authorization decisions will be completed within 24 hours of receipt.
4. Once approved, notification will be sent to the prescriber and participant.
5. If the clinical information provided does not explain the medical necessity for the requested PA medication, the request will be denied and the prescriber and the participant will be notified.
6. A pharmacy can provide up to a 72-hour supply of a new medication or 15-day supply for ongoing medication.

Prior Authorization Process

The Pennsylvania Medical Assistance Program's Statewide PDL and PA Health & Wellness's supplemental drug list include a broad spectrum of brand name and generic drugs. Clinicians are encouraged to prescribe from these preferred drug lists for their patients who are participants of PA Health & Wellness. Some drugs will require PA and are listed on the PA list. In addition, all name brand drugs not listed on either the PDL or PA list will require prior authorization. If a request for authorization is needed, the information should be submitted by your physician/clinician to Centene's Pharmacy Department on the PA Health & Wellness Health Plan form: Medication Prior Authorization Request Form. This form should be faxed to 1-844-205-3386. This document is located on the PA Health & Wellness website at www.PAHealthWellness.com.

PA Health & Wellness will cover the medication if it is determined that:

1. There is a medical reason you need the specific medication.

2. Depending on the medication, other medications on the PDL have not worked or cannot be tried.

For requests for drugs that are listed on the Pennsylvania Medical Assistance Program's Statewide PDL, reviews are performed by professionals using the criteria established by the Pennsylvania Medical Assistance Program. For requests for drugs that are listed on the PA Health & Wellness supplemental drug list, reviews are performed by professionals using the criteria established by the PA Health & Wellness P&T Committee. Once approved, Centene's Pharmacy Department notifies the physician/clinician and participant. If the clinical information provided does not meet the coverage criteria for the requested medication, a physician will review the request to determine medical necessity. We will notify you and your physician/clinician of alternatives and provide information regarding the appeal process.

The PA Health & Wellness P&T Committee has reviewed and approved, with input from its participants and in consideration of medical evidence, the supplemental list of drugs requiring prior authorization. This supplemental drug list attempts to provide appropriate and cost-effective drug therapy in addition to the Pennsylvania Medical Assistance Program's Statewide PDL to all participants covered under the PA Health & Wellness pharmacy program. If a patient requires a brand name medication that does not appear on the supplemental drug list, the physician/clinician can make a PA request for the brand name medication. It is anticipated that such exceptions will be rare and that Statewide PDL and supplemental drug list medications will be appropriate to treat the vast majority of medical conditions.

Clinicians are requested to utilize the Pennsylvania Medical Assistance Program's Statewide PDL and PA Health & Wellness's supplemental drug list when prescribing medication for those patients covered by the PA Health & Wellness pharmacy program. If a pharmacist receives a prescription for a non-preferred drug that requires a PA, the pharmacist should attempt to contact the clinician to request a change to a product included in the PDL.

Phone Numbers for PA Health & Wellness Health Plan Participant Services

The phone and fax lines listed in the Prior Authorization Process section are dedicated to clinicians requesting PA medication items only. Participants cannot be assisted if they call the PA toll-free number. PA Health & Wellness Participant Services may be reached at 1-844-626-6813 (TTY 711).

Transition Period

PA Health & Wellness participants age 21 and older new to managed care will be able to receive their prescription drugs with no new PA requirements for first 60 days they are enrolled in our plan. Participants under the age of 21 will be allowed to complete the course of treatment without any new PA requirements. This will allow you and your doctor time to consider other medications that do not require PA and to learn the steps to getting PA. The Pennsylvania Medical Assistance Program's Statewide PDL and the PA Health & Wellness supplemental drug list identify the drugs that will require PA. If you are not sure when you will need to have your medications prior authorized or you have other questions about continuing to get your medications, call participant services at 1-844-626-6813 (TTY 711).

72-Hour and 15-Day Supply Policy

State and federal law require that a pharmacy dispense a 72-hour (3-day) supply of medication to any patient awaiting a PA determination. If the prescription is for continuation of an existing drug a 15-day supply may be provided. The purpose is to avoid interruption of current therapy or delay in the initiation of therapy. All participating pharmacies are authorized to provide a 72-hour supply of medication and will be reimbursed for the ingredient cost and dispensing fee of the 72-hour supply of medication, whether or not the PA request is ultimately approved or denied. All participating pharmacies are authorized to provide a 15-day supply of a continuation of an existing medication, not including diabetic supplies and will be reimbursed for the ingredient cost and dispensing fee of the 15-day supply of medication, whether or not the PA request is ultimately approved or denied. The pharmacy can submit override for 72-hour or 15-day medication supply for payment.

Dispensing Limits, Quantity Limits, and Age Limits

You may receive up to a maximum 34-day supply for each new or refill non-controlled substance. A total of 80 percent (80%) of the days supplied must have elapsed before the prescription for a non-controlled medication can be refilled. For example with a 34-day supply, you must have taken 28 days of the medication before you can get the next refill. A total of 90 percent (90%) of the days supplied must have elapsed before the prescription for a controlled medication can be refilled. Prescriptions that exceed the Quantity Limit (QL) allowed or Age Limits (AL) require PA. PA Health & Wellness may limit how much of a medication you can get at one time. If the physician/clinician feels you have a medical reason for getting a larger amount, he or she can ask for PA. If PA Health & Wellness does not grant PA, we will notify you and your physician/clinician and provide information regarding the appeal process. Some medications on the PDL may have AL. These are set for certain drugs based on Food and Drug Administration (FDA) approved labeling and for safety concerns and quality standards of care. The AL aligns with current FDA alerts for the appropriate use of pharmaceuticals.

Opioid medications are subject to a cumulative daily morphine milligram equivalent (MME) limit of 50MME daily. Prescriptions exceeding that dose will require a prior authorization. Note: all prescriptions for long-acting opioids require prior authorization. Exceptions to the above requirements will be made for those participants with an active cancer, sickle cell with crisis, or those in hospice or palliative care.

Certain oral cancer drugs will be limited to a 15-day supply until you and your prescriber determine you are able to tolerate the medication. A list of these medications is located at www.PAHealthWellness.com.

Medical Necessity Requests

If you require a medication that does not appear on either the Pennsylvania Medical Assistance Program's Statewide PDL or the PA Health & Wellness supplemental drug list, you or your physician/clinician can make a medical necessity request for the medication by submitting a request for prior authorization. It is anticipated that such exceptions will be rare and that medications included

on the Statewide PDL and supplemental drug list will be appropriate to treat the vast majority of medical conditions.

Such reviews are performed by professionals using the criteria established by the Pennsylvania Department of Human Services P&T Committee for drugs included in the Statewide PDL, or using criteria established by the PA Health & Wellness P&T Committee for drugs not included in the Statewide PDL. If the clinical information provided does not meet the coverage criteria for the requested medication a physician will review the request to determine medical necessity. We will notify you and your physician/clinician of alternatives and provide information regarding the appeal process.

Participants started and stabilized on medications in the following classes will not be required to try a PDL medication.

- Antipsychotics
- Antidepressants
- Anticonvulsants
- Hepatitis C antivirals
- MS Treatments
- Human Immunodeficiency Virus (HIV)
- Cytokine and CAM Antagonists
- Dupixent
- Hereditary Angioedema Treatments
- Oral Immunosuppressives
- MABs, -Anti-IL, Anti-IgE
- Pancreatic Enzymes
- Pulmonary Arterial Hypertension Agents
- Stimulants and Related Agents
- Ulcerative Colitis Agents
- Antifibrotic Respiratory Agents
- Oral Oncology Agents
- Thalidomide and Derivatives
- Antiparkinson's Agents

Appropriate Use and Safety Edits

Your health and safety is a priority for PA Health & Wellness. One of the ways we address your safety is through Point-of-Sale (POS) edits at the time a prescription is processed at the pharmacy. These edits are based on FDA recommendations and promote safe and effective medication utilization.

Medicare Eligible Participants

Participants that are also eligible for Medicare must bill the pharmacy claim to Medicare first. The pharmacy will bill Medicare first and then bill the plan. PA Health & Wellness will cover certain medications, like OTC drugs, that Medicare does not cover. If the drug is part of the Medicare benefit but Medicare denies coverage PA Health & Wellness will not cover the drug.

DUR (Drug Utilization Review) Programs

PA Health & Wellness will monitor ongoing prescribing of medications for clinical appropriateness. PA Health & Wellness reviews prescribing retrospectively to review for both safety and efficacy. PA Health & Wellness will work with Centene's Pharmacy Department to review for such things as disease management, fraud and abuse (i.e. Coordinated Services Program), and prescriber profiling. Prescriber or participant outreach may occur based on prescribing/dispensing patterns. PA Health & Wellness will continue to monitor for issues going forward and take action as needed.

Over-The-Counter Medications

The pharmacy program covers a selection of OTC medications as allowed by Pennsylvania rules. All covered OTC medications appear in the PDL. All OTC medications must be written on a valid prescription by a licensed physician/clinician in order to be reimbursed. OTC categories covered:

- Analgesics except long acting products
- Antacids
- Antidiarrheal
- Antiflatulent
- Antinauseant
- Bronchodilators
- Cough and cold preparations
- Contraceptives
- Hematinics (low iron)
- Insulin and insulin syringes
- Laxatives and stool softeners
- Nasal preparations
- Ophthalmic preparations
- Topical products containing anesthetics, antibacterial, dermatological baths, fungicidal, rectal preparations, tar preparations, wet dressing
- Vitamins and minerals
- Vitamins for prenatal use
- Vitamins containing Nicotinic acid and Calcium salts
- Diagnostic agents
- Quinine

Filling a Prescription

You can have prescriptions filled at a PA Health & Wellness network pharmacy. If you decide to have a prescription filled at a network pharmacy, you can locate a pharmacy near you by contacting a PA Health & Wellness Participant Services Representative. At the pharmacy, you will need to provide the pharmacist with your prescription and your PA Health & Wellness ID card. Please visit the PA Health & Wellness website at www.PAHealthWellness.com to access the PA Health & Wellness PDL, PA

Health & Wellness PA lists, important forms, and provider/participant information 24 hours a day, seven days a week.

Maintenance Medications

PA Health & Wellness Health Plan offers participants a longer days supply of maintenance medications by mail and at certain retail pharmacies. You can receive up to 90 days of these medications at a time. These drugs are used to treat long-term conditions or illnesses. You can find a list of covered maintenance medications and pharmacies in the Maintenance Drug Pharmacy Program document located on the PA Health & Wellness website at www.PAHealthWellness.com.

Please contact a PA Health & Wellness Participant Service Representative if you have any questions.

PA Health & Wellness Health Plan Pharmacy Program - Additional Information

Specialty Medications

Most specialty medication requires prior authorization by Centene's Pharmacy Department. A list of specialty medications is located at www.PAHealthWellness.com. Fax prior authorization forms to 1-844-205-3386.

Pharmacy and Therapeutics Committee

The PA Health & Wellness Pharmacy and Therapeutics (P&T) Committee continually evaluates the therapeutic classes included in the PA Health & Wellness supplemental drug list. The Committee is composed of the PA Health & Wellness Medical Directors, PA Health & Wellness Pharmacists, and several community based primary care physicians, specialists, and a consumer representative. The primary purpose of the Committee is to assist in developing and monitoring the PA Health & Wellness supplemental drug list and to establish programs and procedures that promote the appropriate and cost-effective use of medications. The P&T Committee schedules meetings at least quarterly, and coordinates reviews with a national P&T Committee that meets at least 4 times a year. Changes to the PA Health & Wellness supplemental drug list are done in conjunction with the approval of the State of Pennsylvania. PA Health & Wellness will submit any proposed changes to the State for approval and update the supplemental drug list accordingly. PA Health & Wellness will follow all State policies regarding participant notification when changes are made to the supplemental drug list.

Unapproved Use of Preferred Medication

Medication coverage under this program is limited to non-experimental indications as approved by the FDA. Other indications may also be covered if they are accepted as safe and effective using current medical and pharmaceutical reference texts and evidence-based medicine. Reimbursement decisions for specific non-approved indications will be made by PA Health & Wellness. Experimental drugs and investigational drugs are not eligible for coverage.

Benefit Exclusions

The following drug categories are not part of the PA Health & Wellness benefit and are not covered by the 72-hour supply policy:

- Fertility enhancing drugs
- Anorexia, or weight gain drugs
- Drug Efficacy Study Implementation (DESI) and Identical, Related and Similar (IRS) drugs that are classified as ineffective
- Drugs and other agents used for cosmetic purposes or for hair growth - erectile dysfunction drugs prescribed to treat impotence
- Bulk powders, because there is a lack of substantial evidence of effectiveness for all labeling indications and because a compelling justification for their medical need has not been established.
- Drugs and devices classified as experimental by the FDA
- Drugs and devices not approved by the FDA
- Legend and non-legend soaps, cleansing agents, dentifrices, mouthwashes, douche solutions, diluents, ear wax removal agents, deodorants, liniments, antiseptics, irrigants and other person care items
- Specific items when prescribed for recipients in a skilled nursing facility, an intermediate care facility or an intermediate care facility for the mentally retarded (Intravenous solutions: non-legend: analgesics, antacids, cough/cold, contraceptives, laxative and stool softeners, ophthalmic preparations, diagnostic agents, and legend laxatives)
- Non-legend drugs in the form of troches, lozenges, throat tablets, cough drops, chewing gum, mouthwashes and similar items

Newly Approved Products

We review new drugs for safety and effectiveness before adding them to the PA Health & Wellness supplemental drug list. During this period, access to these medications will be considered through the PA review process. If PA Health & Wellness does not grant PA, we will notify you and your physician/clinician and provide information regarding the appeal process.

DME/Home Health Benefits

The following medical services are a part of the PA Health & Wellness medical benefit and are not available at the retail pharmacy:

1. Enteral products
2. Nebulizers
3. Medical supplies – this does not include diabetic supplies, as those are available at the retail pharmacy.

Injectable Drugs

A number of injectable drugs appear on the Statewide PDL and the PA Health & Wellness supplemental drug list. Injectable drugs that are self-administered by the participant and/or family member are covered by the PA Health & Wellness pharmacy program. Most injectable drugs require PA.

We help keep you informed

The PA Health & Wellness Pharmacy Director, a registered pharmacist, compiles current pharmacological policy and information about important seasonal topics such as Respiratory Syncytial Virus (RSV) and influenza. The information is consistent with published guidelines and is mailed to network providers as a service. The most current Statewide PDL and supplemental drug list can be downloaded from our website at www.PAHealthWellness.com.

Contacts for Pharmacy Appeals/Grievances

Participants: In the event that a participant disagrees with the decision regarding coverage of a medication, the participant may file an appeal with PA Health & Wellness by calling PA Health & Wellness Participant Services at 1-844-626-6813 (TTY 711).

Physicians / Clinicians: In the event that a clinician disagrees with the decision regarding coverage of a medication, the clinician may request an appeal by submitting additional information to PA Health & Wellness in writing to the Appeals Department at the following address:

PA Health & Wellness Health Plan
Appeal Department
1700 Bent Creek Blvd., Suite 200
Mechanicsburg, PA 17050
Fax: 1-844-873-7451

A decision will be rendered and the clinician will be notified with a mailed response. An expedited appeal may be requested at any time the provider believes the adverse determination might seriously jeopardize the life or health of a participant by calling PA Health & Wellness Health Plan at 1-844-626-6813 (TTY 711). A response will be rendered the same day as receipt of complete information. In circumstances that require research, a same day response may not be possible.

Abbreviations

The following notations and abbreviations may be found throughout the supplemental drug listing in the limitations and restrictions column.

AL:	Age Limit
PA:	Prior Authorization
QL:	Quantity Limit
SP:	Specialty Medication

MP:	Maintenance Product
APA:	Advanced Prior Authorization – an automated prior authorization process to determine whether clinical criteria is met. If clinical criteria is not fully met, an electronic or manual prior authorization will still need to be done.
\$0 Copay:	Member will not be charged a copay for the specific drug

Drug Tier Definitions

- P: Preferred These drugs are covered on the preferred drug list
- NP: Non-preferred These drugs require a Prior Authorization (PA) and are covered when found to be medically necessary.

Drug Name	Drug Tier	Requirements/Limits	Drug Name	Drug Tier	Requirements/Limits
