

Clinical Policy: Antihypertensives, Sympatholytic

Reference Number: PHW.PDL.166

Effective Date: 01/01/2020

Last Review Date: 11/2024

Policy/Criteria

Provider must submit documentation (such as office chart notes, lab results or other clinical information) supporting that member has met all approval criteria.

It is the policy of PA Health & Wellness® that Sympatholytic Antihypertensives are **medically necessary** when the following criteria are met:

I. Requirements for Prior Authorization of Antihypertensives, Sympatholytic

A. Prescriptions That Require Prior Authorization

Prescriptions for Antihypertensives, Sympatholytic that meet the following conditions must be prior authorized.

1. A prescription for a non-preferred Antihypertensive, Sympatholytic.
2. A prescription for a preferred Antihypertensive, Sympatholytic with a prescribed quantity that exceeds the quantity limit.

B. Review of Documentation for Medical Necessity

In evaluating a request for prior authorization of a prescription for an Antihypertensive, Sympatholytic, the determination of whether the requested prescription is medically necessary will take into account whether the member:

1. Has a history of therapeutic failure of or a contraindication or an intolerance of the preferred Antihypertensive, Sympatholytic

AND

2. If a prescription for an Antihypertensive, Sympatholytic is for a quantity that exceeds the quantity limit, the determination of whether the prescription is medically necessary will also take into account the guidelines set forth in PA.CP.PMN.59 Quantity Limit Override.

NOTE: If the member does not meet the clinical review guidelines listed above but, in the professional judgment of the physician reviewer, the services are medically necessary to meet the medical needs of the member, the request for prior authorization will be approved.

C. Clinical Review Process

Prior authorization personnel will review the request for prior authorization and apply the clinical guidelines in Section B. above, to assess the medical necessity of the request for a prescription for an Antihypertensive, Sympatholytic. If the guidelines in Section B are met, the reviewer will prior authorize the prescription. If the guidelines are not met, the prior authorization request will be referred to a physician reviewer for a medical necessity determination. Such a request for prior authorization will be approved when, in the professional judgment of the physician reviewer, the services are medically necessary to meet the medical needs of the member.

D. Approval Duration: 12 months
