

Clinical Policy: Hematopoietic Mixtures

Reference Number: PHW.PDL.506

Effective Date: 01/05/2021

Last Review Date: 11/2025

Policy/Criteria

Provider must submit documentation (such as office chart notes, lab results or other clinical information) supporting that member has met all approval criteria.

It is the policy of PA Health & Wellness[®] that Hematopoietic Mixtures are **medically necessary** when the following criteria are met:

I. Requirements for Prior Authorization of Hematopoietic Mixtures

A. Prescriptions That Require Prior Authorization

Prescriptions for Hematopoietic Mixtures that meet any of the following conditions must be prior authorized:

1. A non-preferred Hematopoietic Mixture. See the Preferred Drug List (PDL) for the list of preferred Hematopoietic Mixtures at: <https://papdl.com/preferred-drug-list>.
2. A Hematopoietic Mixture with a prescribed quantity that exceeds the quantity limit.

B. Review of Documentation for Medical Necessity

In evaluating a request for prior authorization of a prescription for a Hematopoietic Mixture, the determination of whether the requested prescription is medically necessary will take into account the whether the member:

1. For a non-preferred Hematopoietic Mixture, has a history of therapeutic failure, contraindication, or intolerance to the preferred Hematopoietic Mixtures; **AND**
2. If a prescription for a Hematopoietic Mixture is for a quantity that exceeds the quantity limit, the determination of whether the prescription is medically necessary will also take into account the guidelines set forth in PA.CP.PMN.59 Quantity Limit Override.

NOTE: If the member does not meet the clinical review guidelines listed above but, in the professional judgment of the physician reviewer, the services are medically necessary to meet the medical needs of the member, the request for prior authorization will be approved.

C. Clinical Review Process

Prior authorization personnel will review the request for prior authorization and apply the clinical guidelines in Section B. above to assess the medical necessity of a prescription for a Hematopoietic Mixture. If the guidelines in Section B. are met, the reviewer will prior authorize the prescription. If the guidelines are not met the prior authorization request will be referred to a physician reviewer for a medical necessity determination. Such a request for prior authorization will be approved when, in the professional judgment of the physician reviewer, the services are medically necessary to meet the medical needs of the member.

D. Approval Duration: 12 months
