

Thank you for your continued partnership with Ambetter from PA Health & Wellness. In order to ensure appropriate payment for services, we routinely evaluate our reimbursement methodology to adjust for changes in the standard Healthcare Common Procedure Coding System (HCPCS) and Current Procedural Terminology® (CPT) codes and to make other modifications to help ensure that Ambetter remains a competitive product for our marketplace members.

Effective July 1, 2023 we will be making adjustments to reimbursement for the services listed on Attachment A. These adjustments will have no effect on reimbursement for services billed using Evaluation and Management (E&M) codes. These changes apply to procedures in all [places of service](#), as defined by the Centers for Medicare and Medicaid (CMS).

If you have any questions about these changes, please do not hesitate to reach out to Provider Services at 1-844-626-6813 (TTY:711) or contact Provider Relations at phwproviderrelations@pahealthwellness.com.
